

Introduction:

This footrest simulates an actual desk, allowing students to be positioned side-by-side at a single desk setup. It can be placed in any position you like.

Object description:

Ergonomic Desk Footstool

By elevating your feet, this ergonomic footrest helps realign the pelvis and spine. It reduces pressure on the thighs and lower back, thereby limiting fatigue and pain associated with prolonged sitting.

Game requirements:

Works with patch **1.124.63.1020** or higher to use these.

Game Packs Required:

The Sims™ 4 Base Game

Usage tips:

For better precision when placing the footrest near other furniture, I invite you to use the cheat code **bb.moveobjects**. This will allow you to position any desk right over it without any unnecessary hassle.
